INVESTED MORE THAN  
**\$1.5 MILLION**  
IN TOOLS, RESEARCH AND ORGANIZATIONS THAT SUPPORT SOCIAL ENTERPRISE DEVELOPMENT

We are deeply passionate about our work and believe that merging business solutions and philanthropic values is critical to sustain and scale social impact for those in need.

*Our Advisory Services team has...*

**1** Worked with a leading southeast Michigan agency that serves the developmentally disabled to become more operationally and financially efficient. Identified financial and operational initiatives that would lead to a return on investment of over 500%.

ROI 500%

**2** Collaborated with the CEOs of four leading Metro Detroit-based social service agencies to develop a financially sustainable and socially responsive social enterprise that improves health outcomes, by creating improved access to the health care system. Created a return on investment for its clients in excess of 200%.

ROI 200%

**3** Worked with a leading child and family mental health provider to develop an innovative and integrated operational model to promote early detection / intervention, mitigate barriers to access, and improve behavior and physical health outcomes. Initiatives resulted in the organization's ability to increase its client base by approximately 160%.

**4** Developed a retail concept to improve the financial sustainability and community impact of an agency whose mission is addressing housing for underserved populations worldwide. Initiative created steady stream of earned revenue.

*We have proudly served the following organizations:*
